

17th International Biohydrometallurgy Symposium

September 2– 5, 2007, Frankfurt/Germany

Instructions for the Preparation of Posters

For every poster a board of 1.0 m width and 1.5 m height will be available. We propose to prepare posters with a standard size of 0.85 x 1.2 m (DIN A0-German Standard) vertically orientated.

Installation:

The poster number, as given in the final programme will be mounted by the organisers on the board. Tapes to attach the poster to the board will be supplied at the registration desk. Writing or painting on the board is not permitted.

The posters have to be displayed during the whole conference from Monday, 3 September, 10.40 at the latest to Wednesday, 5 September 2007, 17:00.

Authors are expected to be present at their posters during the Poster Party on Monday and the Poster Session on Tuesday evening.

General:

Title of the paper and author's name and address/affiliation are to be indicated at the top of the poster. The content of the poster should be clearly presented.

Suggested structure: Introduction, objectives, methods applied, results, conclusions.

The use of colours, figures and tables is recommended. Posters should be legible from a distance of 2-3 metres, therefore the minimum recommended dimensions are:

- 3 cm for title of paper and names and addresses of authors
- 1.5 cm for headings and titles of tables and figures
- 0.8 cm for text body
- 20 cm for figures

Line spacing: 1.1 cm minimum
