

17th International Drying Symposium

Instructions for the Preparation of Posters

General Information:

The Posters will be presented and numbered according to the numbers in the programme of the conference. The programme will be put online in the first week of September and handed out in printed form on-site.

Each poster will be in the size of **0.85 m width** and **1.2 m height (DIN A 0) vertically orientated**.

The **poster number** is mounted by the organizers on top of the board.

The **author's name, address, e-mail address** and **the title of the paper** are to be indicated on the top section of the Poster.

Material for attaching the posters will be supplied by the organizers.

Writing or painting on the poster board is not allowed.

Poster display times:

All posters may be presented throughout IDS 2010, i.e. from October 3 – 6, 2010.

The posters should preferably be put up **before Monday, October 4, 2010, 10:30 a.m. and are welcome to stay until Wednesday, October 6, 2010 at 4:00 p.m.**

Please note that there will be two poster sessions.

Authors of **posters with odd numbers** are expected to present their poster during **Poster Session 1** on Monday, October 6, from 4:00 until 6:30 p.m.

Authors of **posters with even numbers** are expected to present their poster during **Poster Session 2** on Tuesday, October 5, from 4:00 until 6:30 p.m.

Preparation of the Poster:

As a major guideline it is proposed to make the poster intelligible in itself, even in the absence of the author. It is suggested to divide the contents of each poster into **introduction, results** and **conclusions**, with a summary listing the pertinent results and conclusions.

The poster should be legible from a distance of 2-3 meters. Therefore, the **minimum size** should be:

- 20 cm for graphs;
- 3 cm for the paper's title and the names/adresses of the authors in the heading line;
- 1.5 cm for sections headings such as introduction, results, labelling of figures and tables;
- 0.8 cm characters in height for further text.

Line spacing: 1.1 cm at minimum; 10 of such lines correspond to one figure.

Please use colours, symbols and schemes for improved clarity.

Instructions for Poster-Authors
